Purpose of Programs: The Norwalk Public Library offers programs intended to further the library’s mission and provide an intellectual and cultural resource for the community. In addition, the library draws upon other community resources in developing programs and actively partners with other community agencies, organizations, educational and cultural institutions, and individuals to develop and present cosponsored public programs. Professional performers and presenters that reflect specialized or unique expertise may be hired for library programs. Although library programs must be non-commercial and generic in nature, presenters may be professionals or business people.
